## GOLF: ParFlex Plus®

PARFlex  
CUSTOM MADE PLUS  
SPINAL PELVIC STABILIZERS

### ParFlex Plus Stabilizers feature:

- A TechCel Lite™ top layer for extra comfort
- Zorbacel® in the heel to absorb damaging shock
- StanceGuard™ to give you variable firmness and flexibility during lateral weight shifts
- A phalangeal bar for increased forefoot stability during follow through
- Two built-in magnetic strips\* for an advantage of extra energy on the course

\*Do not use magnets if you are wearing a pacemaker or electrical implant of any kind, or if you are pregnant.

**"Before, I would be massaging my feet all day after playing 18 holes. Now when I play golf, my feet don't hurt and I have more energy. Right after I started wearing Stabilizers, I played golf in a big tournament with 150 participants. I got the longest drive in the tournament!"** – Takeshi O., patient
